**DESCRIPTION**

On September 13, 2017, Cantrell PLLC is providing a free non-compete workshop to businesses and professionals in the Tampa area. If you are in St. Pete or the Sarasota area and prefer to not make the trek to Tampa, there will be a second non-compete workshop in downtown St. Pete on October 18, 2017. Registration for both is limited.

This advanced workshop will address:

- Whether non-compete agreements make sense for certain categories of employees;
- Important non-compete provisions that are often missing or poorly drafted, as well as best practices for roll-out and implementation;
- In the event someone is potentially breaching a non-compete, steps and strategies to assess potential breaches and for (efficiently) enforcing the agreement;
- Best practices for onboarding individuals subject to another company's non-compete;
- If you are a professional with a non-compete and are concerned about it, we also address to what extent a non-compete is enforceable and effective defenses.

**REGISTRATION**

Because this is a "workshop", registration is limited. Attendees are encouraged to bring their questions and concerns they may have about a non-compete matter. To RSVP, please call 813-867-0115 or email [admin@cantrellpllc.com](mailto:admin@cantrellpllc.com).
